2014

Surface area
13,200 m²

Location
Grenoble

Crédit Agricole Sud Rhône Alpes bank Headquarters, Grenoble

This is an input signal on the Grenoble peninsula by the Oxford bridge, visible from the cycling track on shore, and forms a focal point at the end of the Avenue of the Martyrs. The project's three buildings have fragmented volumes, including the parking lot made up of two sets

offset in height. The implementation of the project, combined with volumetry, offered perspectives, and landscape areas, gives the headquarters of Credit Agricole Sud Rhone Alpes contemporary campus character.
