2004

**Completion**

2010

**Surface area**

18,000 m<sup>2</sup>

**Capacity**

200 beds and places

**Construction costs**

13 M€

**Location**

Narbonne

# Restructuring and extension of the hospital, Narbonne

The primary ambition of this project was to maintain and improve the soul of the location, to reinvigorate spaces, to fit harmoniously into a residential area and to cohabit with listed buildings. The juxtaposition of contemporary

architecture and existing buildings firmly states the Hospital's thoroughly modern concept. This building demonstrates an ability to master complex hospital techniques while maintaining a strong brand image.
